He said that we all should shun all differences and should unite as one nation above than cast, race, religion, sectarianism, provincialism and language. The Christian community in the country was an integral part of our society and their contribution for the development in all fields of life always remained extra ordinary, he stated.

Dr. Saif further stated that sometime some unpleasant incidents gave such impression as if this country belongs to one group only whereas this country was created for all communities by our great leader Qauid-e-Azam Muhammad Ali Jinnah, his courageous colleagues and all the independence movement workers.

The Chairman PITB announced special Christmas bonus for the Christian employees and took part in joint cake cutting to share their joy and happiness. Other staff members and officers of PITB were also present on this occasion.
